

**Riverland Division
of General Practice Inc.**

Media release

The Riverland Division of General Practice, in conjunction with local councils and Regional Development Australia, is hosting a welcome event to celebrate the arrival of 13 new General Practitioners who have joined our local Medical Practices.

The event, which will be held at Barmera Playspace from 2-4pm on Saturday 22nd October, is an opportunity to engage the local community in the integration of GPs and their families to the region.

Riverland Division of General Practice CEO Bron Marie says, "We see this event as a wonderful opportunity for community members to meet and greet their new local GPs and assist them in becoming an essential part of their new community".

It is also a great opportunity to make their families feel welcome, which is essential if we hope to keep these GPs in the region."

Community members are encouraged to attend the fun-filled event, which will feature entertainment by local performers including Rosie Clark dancers, the Riverland Youth Theatre, Belly Dancers and Berri Gymnastics. Earlybirds will also have the opportunity to enjoy free samples of local produce and take home giveaway bags.

Barmera Playspace is located on the corner of Nookamka Terrace and Whitmore Avenue in Barmera.

This event is a key initiative of the Riverland Division of General Practice Workforce Support Program, which aims to assist with the retention of General Practitioners and increase the provision of quality medical services to the Riverland community.
